

VFW- Manually Uploading Applications

1

1. To manually add an application, you will first need to Scan and Save the Application and Essay separately.

1.

- **Position the application and essay documents separately on the scanner bed.**

2.

- **Launch your scanner's scanning software on your computer.**

3.

• **For the first document (e.g., the application), choose PDF as the output format in the scanning software.**

- **Repeat this step for the second document (e.g., the essay).**

4.

• **Adjust scan settings, such as color mode and resolution, as desired for each document.**

5.

• **Begin the scanning process for the first document (e.g., the application), then name and save it as a PDF when prompted.**

• **Repeat the scanning process for the second document (e.g., the essay), and save it as a separate PDF.**

2

Now that you have the Application and Essay saved as PDFs on your computer, Navigate to <https://app.scholarsapp.com/> Log in with your email and password

To confirm the successful completion of your manual application upload, please follow these steps:

1. Check the application status.
2. Look for the status indicator, which will be displayed in green and should read "Applied."

Once you see the "Applied" status displayed in green, you can be confident that your manual application upload has been successfully completed.

The screenshot shows a table with application status information. The table has columns for ID, Date/Time, Round, Status, and Action. The status 'Applied' is highlighted in green, and a callout circle points to it.
